

MSM-AV-TBAR-CUSTOM

Table Box Adapter Ring

Description

This adapter trims out a hole from a previous table box, grommet, or equivalent to a smaller size. These are custom sized based on the dimensions of the new item being installed. The inside hole can be customized to any shape you desire. The main frame sits in the hole on top of the table. It is secured by the two arms and fasteners, which thread onto the rods on the underside of the table.

Compatibility

Most table boxes/grommets
